

JCCP Self-declaration statement and evidence requirements.

The JCCP will only accept applications for registration where the applicant agrees to abide by its various conditions of practice. By completing this application, you confirm that you understand and self-declare that you:

- Practise lawfully.
- Practise safely and proficiently in accordance with the CPSA Practice Standards for your procedure/level of practice.
- Are of good character and declare any police convictions or cautions or any employment-related disciplinary matters that are current or pending at the time of your application.
- Escalate to the JCCP notification of any professional conduct matter to which you might be subject from an employer, a Statutory Professional Regulator or by another Professional Standards Authority Accredited Register.
- Practise in accordance with the JCCP and CPSA Supervision Matrix and its inherent requirements as specified therein.
- Practise within the requirements of the JCCP Prescribing Guidelines.
- Confirm that you operate from safe premises and self-declare against the JCCP standards set out in the checklist of premises standards.
- Declare that you will operate and practise only within your self-declared scope of practice with regard to the modality and level of practice that will be recorded as having achieved and which will be displayed on the JCCP Register.
- Will maintain an appropriate and proportionate level of insurance/indemnity and that you will inform JCCP of any material changes.
- Declare that you will abide by the JCCP/CPSA Code of Practice and use the same to guide, inform and improve their practice both ethically and professionally.

JCCP Self-declaration statement and evidence requirements.

- Confirm that you possess the baseline experience, knowledge, skills, competencies and confidence to practise safely and proficiently within the procedural area/s of practice/level for which you are registered with the JCCP. Registrants must also be able to defend their practice in accordance with the standards set down by the JCCP as safe, knowledgeable/competent practitioners for each of the procedures that they perform in accordance with the detailed set knowledge and competence standards that are set out in the CPSA standards for each modality/level and by the JCCP in its Competence Framework for Cosmetic Practice (2018)'.
- Confirm that you are up to date with regard to your continuing professional development post-initial training, and that you have engaged in continuing personal and professional development relevant to their cosmetic practice.
- Confirm that you understand that the JCCP will expect all Registrants to reflect on the JCCP/CPSA Code of Practice (2023) as part of their annual CPD.

You further understand and agree to the following:

As part of the JCCP's obligation to the Professional Standards Authority, you may be called upon at any time to provide additional evidence, approved by your supervisor or peer reviewer, to confirm that you meet the JCCP/CPSA standards for:

- CPD
- Premises
- Treatment numbers

If you are a Registered Health Care Practitioner and have not attained a JCCP approved qualification at the time you enter the JCCP Practitioner Register, you will be admitted to either Part A, Category Two of the full practitioner register or to the provisional register, depending upon your current practice experience. In this case you understand and agree that:

JCCP Self-declaration statement and evidence requirements.

- You will self-assess your competence against the JCCP Competence Framework (2018) and
- You agree to provide evidence that you have either attained a JCCP approved qualification or are able to provide requisite evidence that you meet all of the JCCP standards/competencies and requirements for full registration on Part A – Category One of the Council's Practitioner register by attending one of the JCCP's Approved Fast Track Assessment Centres or by providing evidence that you have achieved 'equivalence' to the JCCP's standards (i.e. being a Member of a JCCP recognised GMC Specialist Register or having participated in a JCCP/ BCAM approved qualification/grandparenting programme) by the date that the UK Government (and/or its Devolved Authorities) sets down a legal requirement for practitioners to evidence that they conform to any future determined education and training standard.

Your application to the JCCP and the part of the register to which you can apply is subject to your status as a regulated healthcare professional (or as a non-registered healthcare practitioner) and the competence and experience you can demonstrate at the point of application. The JCCP will confirm evidence of your regulated status. As an applicant you agree to provide evidence of your training, qualifications and experience on request.

Adverse incident reporting

Your application to the JCCP and the part of the register to which you can apply is subject to your status as a regulated healthcare professional (or as a non-registered healthcare practitioner) and the competence and experience you can demonstrate at the point of application. The JCCP will confirm evidence of your regulated status. As an applicant you agree to provide evidence of your training, qualifications and experience on request. Guidance on Adverse Incident Reporting can be found [here](#).

Medicines and Products

You agree to provide to customers only those products that have been ethically and responsibly sourced from appropriate suppliers, including medicines and medical devices from UK approved distributors or their nominated registered pharmacies.
